THAIS CORAINI

C O M M U N I C A T I O N D E S I G N E R

"The decision to leave Brazil to study abroad at a young age was a key factor to determine my personality and to bring maturity to my daily life. It has opened a window to a new world, raising curiosity and motivation. The opportunity I had to travel around and contemplate different countries and cultures resulted in significant personal growth. The contact with foreign languages has helped me to improve my communication and social skills."
